

**WEB TABLE I** THE EXPLORATORY FACTOR STRUCTURE OF INDT- ADHD\* IN THE INDIAN POPULATION

<i>INDT-ADHD symptoms</i>	<i>Factor 1</i>	<i>Factor 2</i>	<i>Factor 3</i>	<i>Factor 4</i>
<b>Symptoms with clear loading</b>				
Does your child often fail to give close attention to details (e.g., makes careless mistakes in school/homework or is careless/ messy in other activities)?	0.79	0.06	0.25	0.21
Does your child often have difficulty in concentrating while playing or doing his/her homework?	0.74	-0.06	0.25	0.18
Does your child often have trouble in paying attention when somebody is talking to him/her?	0.65	0.28	-0.19	0.03
Does your child often does not follow instructions despite understanding them and not due to disobedience? If Yes, due to this is he/she often unable to complete his/her works in time?	0.72	0.28	0.04	0.02
Does your child often have difficulty in doing his/her home work, getting ready for school, putting toys back to their place on his own?	0.65	0.29	0.08	-0.04
Does your child often avoid activities that require sustained mental efforts? (e.g., homework/class work, looking at picture book, listening to story).	0.64	0.30	0.07	0.28
Does your child often loses things e.g. books, pencils, toys etc?	0.45	0.39	-0.09	0.04
Does your child often lose concentration due to little distractions (e.g., traffic, road vendors, animal sounds) and lose track of what he/she was doing at that time?	0.28	0.20	-0.03	0.70
Is your child more forgetful in daily activities compared to other children of his/her age? (e.g., bathing, dressing, brushing teeth)	0.52	0.25	-0.32	-0.23
Does your child often leave his/her seat in the middle of a class or meal?	0.30	0.64	0.18	0.16
Does your child often run about/ climb excessively in places where it is inappropriate? e.g., Excessive running/jumping/climbing in the class room or at home, running about during prayers.	0.15	0.85	0.20	0.03
Is your child running around most of the time, even while inside the house or in the market (as if driven by a motor)	0.16	0.85	0.14	0.01
Does your child often talk excessively?	0.03	0.15	0.68	-0.18
During conversations, does your child often start answering questions even before the question has been completed?	-0.07	0.16	0.75	0.23
<b>Symptoms with cross loading</b>				
Does your child often appear restless (e.g., tapping finger, moving hands and feet, twisting the body when seated, squirming)?	0.14	0.56	0.21	0.48
While participating in group activities, is it often difficult for your child to wait for his/her turn?	0.41	0.31	0.50	0.15
Does it seem that often he/she is unable to engage in play quietly? (e.g., playing board games, building mud houses, playing with dolls [add group activity relevant to culture])	0.40	0.65	0.16	0.07
Does your child frequently interrupt others conversation? (OR) Does your child frequently interrupt the games being played by other children?	0.29	0.30	0.48	-0.40

*Factor 1= Inattention; Factor 2= Hyperactivity; Factor 3= Restless during interaction restlessness; Factor 4= Distractibility. Extraction Method: Principal Axial Factoring; Rotation Method: Varimax with Kaiser Normalization. Loadings > 0.4 are shown in bold. \*INCLN Diagnostic Tool for Attention Deficit Hyperactivity Disorder (INDT- ADHD).*
